

WSP Lincolne Scott Senior Acoustic Design Consultant

WSP Lincolne Scott has an exciting opportunity for experienced Architectural Acoustics engineer to join our rapidly growing Acoustics team in Sydney. WSP Acoustics are one of the world's largest team of Acoustic specialists, spread across the globe. We have recently started operations in Australia and our success is growing rapidly.

The role will involve assisting with the development of the team, alongside delivering projects and developing client relations. This is an excellent opening to join early in an ambitious team planning on becoming a big player in the region.

The ideal candidate will have at least 3-5 years' experience in the industry and meet the following criteria:

- High technical knowledge of building and mechanical services acoustics
- Strong communication skills and the ability to develop client relationships
- Experience in the management and delivery of projects
- Enthusiasm for developing a brand of high quality consulting in the sector
- Excellent problem solving skills
- Passion, commitment and drive to succeed
- The right to live and work in this location

Essential Skills:

- Ability to use ray tracing software (Odeon, CATT, etc)
- Ability to use noise mapping software (Cadna/A, NoiseMap, etc)
- Fully proficient in MS Excel

Based in North Sydney, this exciting role offers a very competitive salary package and opportunity for travel throughout the Asia-Pacific region. If you are looking to make a great career move and are ready to join a dynamic and growing organisation, please email your CV to
