

Senior Acoustics Consultant Position Sydney and Newcastle

EMGA Mitchell McLennan (EMM) is multi-disciplinary consultancy firm dedicated to excellence in acoustics, planning services and environmental approvals. We are highly committed to our staff and provide a motivating work environment with flexible working conditions.

Our team has a depth of experience in both private and public sector projects including mining and extractive industries, electricity, wastewater and waste, energy, electricity and agriculture. We are based in Sydney and Newcastle with senior acoustic staff being amongst the most respected in their field.

The successful applicant will play a key role in the growth of our expanding business which undertakes projects nationally and overseas. The successful applicant will have:

1. Minimum five years noise consulting experience.
2. Qualifications in Engineering or Science.
3. Post-graduate studies will be an advantage.
4. Skills in environmental noise impact assessment including 3D modelling.
5. Project management experience including budgeting, tracking and schedule management, outcome evaluation and client liaison.
6. Excellent report writing and communication skills.
7. Thorough understanding of relevant NSW and Commonwealth legislation.
8. Membership in AAS or be eligible to be a member.
9. Australian citizen or permanent residency.

Salary: \$100k+.

The role can be adapted to your level of experience. You will receive the benefit of supervision and support from a team of senior staff with broad experience in the acoustics area and will assist you making the most of your next career move.

The successful applicant will have developed noise and vibration project experience and clearly demonstrate excellent report writing skills. Experience in a consulting environment is essential. The attributes that will set you apart from your fellow applicants will be the strength of your communication skills and a passion for a career in a leading environmental consulting firm.

In return, EMM offers the opportunity to develop a rewarding career that will further enhance your talents and stretch your abilities. If you feel that you have the ability and drive to match ours, please email your application and CV to jwharemate@emgamm.com.
