
PROJECT OR SENIOR ENGINEER / SCIENTIST

ACOUSTICS & VIBRATION ENGINEERING

Renzo Tonin & Associates is an engineering consulting firm specialising in acoustics and vibration. We were established in 1982 and are renowned for high quality work. We are committed to providing clients with the highest level of service including the provision of innovative and sustainable solutions. We presently have a vacancy for a full-time Project or Senior Engineer / Scientist at our thriving Melbourne office. Key responsibilities include:

- Delivery of projects within the fields of environmental, building and industrial acoustics, including:
 - Supervision of junior staff
 - Client liaison
 - Design
 - Coordination of advice
 - Execution of noise and vibration measurements
 - Computer modelling
 - Report writing
 - Risk assessment
- Business development
- Peer review of colleague's work

The successful candidate should have:

- A degree in engineering or physics
- Experience in building, industrial and environmental acoustics
- Strong communication skills
- Excellent report writing skills
- Effective organisation skills
- A high level of computer literacy
- A current drivers licence
- Basic knowledge of the construction industry

The on-going and continued growth of our Melbourne office offers significant potential for career growth and advancement. Remuneration shall be commensurate with the applicant's experience and qualifications.

Applications should be sent to: melbourne@renzotonin.com.au
