

**Australian Acoustical Society**

A.C.N. 000 712 658

**NEW SOUTH WALES DIVISION**

## **TECHNICAL MEETING**

**TIDC**

### **Construction Noise Strategy – Rail Projects**

**The Date:** Tuesday 18<sup>th</sup> March 2008

**The Venue:** National Acoustics Laboratories  
126 Greville Street, Chatswood

**The Time:** 6.30 pm

**The Speaker:** Steve Fermio, Director, Planning & Environment, TIDC

Steve will give an overview of a practical guide that TIDC has developed, through experiences on the Epping to Chatswood Rail Line and Clearways Projects, on how to minimise the impacts on the community from airborne noise, ground-borne noise and vibration generated during the construction of such projects.

Steve has worked in the planning and environment team at TIDC since 2002 and is currently its Director, Planning & Environment. Prior to that he worked in various state government organisations on water reform, natural resource management and pollution control policies and implementation.

**'ANYONE' is welcome to attend and refreshments will be provided**

**RSVP FOR CATERING PURPOSES BY**

Monday 17<sup>th</sup> March 2008 to Neil Gross by email
