

Acoustic Consultant

EMM Consulting Pty Limited (EMM) is a leading employee owned planning and environment consultancy, working throughout Australia and internationally from offices in Sydney, Newcastle and Brisbane.

Our team is led by highly experienced professionals who are leaders in their respective fields. They are supported by a talented team from a range of disciplines. These skills are combined to help clients achieve their objectives in ways that contribute to sustainable outcomes.

Due to strong growth, we have an opportunity for an Acoustic Consultant (up to 5 years experience) to join our Acoustics team. This position will be based in our St Leonards office.

In this role you will have the opportunity to work with and be mentored by industry leaders. You will be part of a team working on a range of projects locally and nationally. You will have the opportunity to work within and grow your career in the fields of environmental, architectural and building acoustics. You are expected to work in the following areas: noise and vibration monitoring; 3D computer noise modelling; numerical analysis of (monitoring and modelling) results; and associated reporting.

The perfect candidate will be a dynamic, flexible and fast-learning individual with initiative who is looking to forge an acoustics career. You will have the following:

- tertiary degree qualifications in engineering (ideally mechanical, electrical or environmental engineering) or science (ideally physics);
- studied acoustics as part of your undergraduate degree or in a post graduate programme;
- proven high quality report writing and communication skills;
- the ability and willingness to travel and be away from home for reasonable periods of time; and
- a valid Driver's Licence and excellent driving history.

It would be desirable if you have had experience with noise monitoring equipment and/or 3D computer noise models (SoundPLAN, Cadna or Predictor). Experience in a consulting environment would also be an advantage.

EMM offers you an opportunity to work with passionate people in an environment with a very positive culture and we are highly committed to our staff, clients and the community.

If you believe that you meet the requirements as stated above please submit your application via email to careers@emmconsulting.com.au. Please quote reference "**SYD Acoustics 0117**". To have your application considered it **MUST INCLUDE** a tailored covering letter, CV and a copy of your qualifications/transcripts.

All applications and enquiries will be treated strictly confidential.

EMM is an equal opportunity employer.

Only those with a legal right to work in Australia may apply.

Unsolicited resumes from recruitment consultants will not be accepted.
