

## MARSHALL DAY SYDNEY – NOW HIRING

### Are you ready to be valued for your talent?

Marshall Day Acoustics (MDA) is an internationally recognised community of acoustic consultants focused on **innovative, creative** and flexible design solutions. We have been providing innovative acoustic designs for over 30 years and continue to **invest** in research and development to advance the science of acoustics and adapt to the changing world.

### Our workplace – investing in you

We invest in **exceptional people** and provide a **creative, collaborative and flexible environment** to allow staff to **grow and flourish** in areas they are passionate about. We place the **utmost value** on our high performing team and are proud of our track record of hiring the **best and the brightest** talent, which has contributed greatly to our extremely high levels of staff retention. We aim to make MDA a place where people can build a career and work towards increased responsibility and capability over time.

### Our people – strength in diversity

We know that our **strength** in acoustic design comes from the **diversity** of our team members who have been drawn from engineering, architectural, musical and academic backgrounds. We have one common focus - to provide innovative acoustic designs of the highest standard.

### Our approach – collaboration brings results

We are **committed to understanding** our client's needs, collaborating with other disciplines and communicating advice that advances the overall design of a project. We aim to build long-term relationships by being sensitive to the needs of the client and the project.

### Our history – First Knight of Acoustics

MDA was formed in Auckland in 1981 by Christopher Day and the "First Knight of Acoustics" Sir Harold Marshall. We now have over 85 acoustic engineers in thirteen offices covering Australia, New Zealand, China, Hong Kong and France. Our depth and **breadth of expertise** across the whole spectrum of acoustic projects is **unmatched**.

### Your opportunity – to be valued and be creative

We are currently looking for a new team member for our Sydney office. If you would like to work in a **creative environment**, with **excellent conditions** and a **highly competitive salary**, then we would like to hear from you.

If you work at Marshall Day Acoustics, you are likely to have the following qualities:

- Be engaged, committed and accountable
- Be design oriented, with the ability to think outside the box and be creative
- Be a self-starter, team player and innovative problem solver
- Be sensitive to the needs of our clients and have the ability to collaborate and communicate with a diverse range of clients and stakeholders
- Have excellent written and oral communication skills
- Have the ability to manage complex projects and meet deadlines

If you would like to be **part of something special**, working in a tight-knit team on great projects, then send your CV and covering letter to Sally Campbell at [scampbell@marshallday.com](mailto:scampbell@marshallday.com). Applicants should have worked for at least 5 years as an acoustic consultant, with experience in both building and environmental acoustics.

We look forward to welcoming the right applicant to our team!
