## NOISE & VIBRATION ENGINEERING CONSULTANTS PROJECT OR SENIOR ENGINEER / SCIENTIST

Renzo Tonin & Associates is a well-established specialist engineering consultancy renowned for high quality work in the fields of noise and vibration since 1982. We are committed to providing clients with the highest level of service including the provision of innovative and sustainable solutions. We have been steadily growing over the last few years and are presently seeking a full-time Project or Senior Engineer at our Sydney office.

Key responsibilities include:

- Delivery of projects within the fields of transport infrastructure and general environmental noise & vibration
- Client liaison
- Design
- Coordination of advice
- Execution of noise and vibration measurements
- Computer modelling – SoundPLAN / Cadna-A
- Report writing
- Risk assessment
- Business development
- Peer review of colleague's work

The successful candidates should have:

- A degree in engineering or physics
- Experience in transport infrastructure projects and environmental noise & vibration
- Strong communication skills
- Excellent report writing skills
- Effective organisation skills
- A high level of computer literacy
- A current drivers licence

The on-going and continued growth of our Sydney office offers significant potential for career growth and advancement. In addition to a competitive salary package (commensurate with the applicant's experience and qualifications) a generous bonus system is offered and the successful candidate will be provided with an outstanding support structure including in-house training to assist with furthering their professional development.

Applications shall be treated confidentially and sent to:
