

Experienced **acoustics** engineer

WSP is one of the world's leading engineering professional services consulting firms, bringing together our 36,500 staff, based in more than 500 offices, across 40 countries to provide engineering and multidisciplinary services in a vast array of industry sectors, with a focus on technical excellence and client service.

Our acoustics team is one of the world's largest collection of acoustic engineers, with a growing presence in Australia/New Zealand with teams in Melbourne, Sydney, Brisbane, Canberra, Perth and Adelaide.

We operate as a broader regional and global acoustic team, therefore opportunities and depth of experience to grow as an acoustic team member at WSP is unparalleled.

Due to the continuous success and growth of our Asia Pacific operations, we currently have an exciting opportunity for experienced acoustic engineers to join our **Canberra** and **Brisbane** offices.

Responsibilities

Provide project delivery throughout the region through:

- Client liaison
- Project management
- Prospecting and business development
- Technical delivery
- Calculations / modelling
- Report writing

Desired Skills and Experience

The ideal candidate will have 3-7 years of experience and be keen to develop your career in a growing, supportive team within a major international consultancy.

You will also come from a strong building or environmental acoustics background.

We can offer you an opportunity to develop your career on a global scale and provide a vibrant working environment.

To apply

Please send an updated version of your resume to **Hannah.Cullen@wsp.com**

WSP supports a diverse and inclusive work environment as well as equal employment opportunities. We encourage Aboriginal and Torres Strait Islanders and people of culturally diverse backgrounds to apply.

***Please note:** We will not be accepting applications through recruitment agencies.*
