

## Acoustic Engineer / Scientist

Brisbane

### The Company

Since 1973, Vipac Engineers & Scientists Ltd (Vipac) has been delivering engineering solutions worldwide that foster innovation, transform skylines and shape the testing landscape.

Vipac is a 100% Australian-owned multi-disciplinary engineering consultancy which provides acoustics, vibration and air quality services for building, infrastructure, industrial, mining and Defence clients. From advising on the world's tallest building to a collaboration with NASA, Vipac's service portfolio is as diverse as its workforce, with over 150 trained specialists in five offices.

### The Opportunity

Vipac is looking for an Acoustic Engineer/Scientist to join our Building, Infrastructure and Environmental Team in the Brisbane office (Spring Hill).

This is an opportunity for an experienced professional to take a step up in their career. The role would require management of multiple projects from start to completion and mentoring junior staff. The successful candidate would be supported by senior technical and business development resources.

### Key skills needed

We are looking for the following skills and attributes from the successful applicant:

- Minimum 5 years consulting experience in noise and acoustics;
- Project management experience;
- Strong communication and client liaison skills;
- Good report writing skills;
- A team player;
- Environmental noise modelling experience;
- Building acoustics experience; and
- Experience in air quality modelling and assessment would be well regarded, though not necessary.

### The Rewards

- A competitive salary;
- Opportunity to work on a diverse range of interesting and challenging projects;
- Career growth opportunities;
- Excellent professional development opportunities within an industry leading firm.

Car parking is provided and remuneration will be commensurate with qualifications and experience. High performance will be handsomely rewarded!

**Only shortlisted applicants will be contacted. No agencies please.**

#### TESTIMONIAL

*"Vipac provided practical solutions for the stringent requirements of the Darwin Convention & Exhibition Centre. AE Smith have continued to use Vipac since the successful completion of this project due to their high degree of expertise."*

**AE Smith**
