

National Acoustic Sales Manager

Our Company

Dynamic Composite Technologies, is proudly 100% Australian owned and operated with over twenty years experience in supplying a range of technically advanced thermal insulation materials and related products.

We are expanding our product range and to complement our comprehensive product portfolio we are looking for an acoustic specialist.

This is a rare opportunity for an Acoustics Sales Manager to join our rapidly expanding division. You will work closely with our Director generating sales for our acoustic range, creating market awareness, whilst promoting our goal “to consistently exceed customer’s expectations”.

Qualifications and experience

- ◆ You will be a professional person with experience in the acoustics building products sector.
- ◆ You will have a successful background in sales to major projects and clients within the construction sector.
- ◆ You will have a minimum of 3 years proven successful sales / key account management experience within the construction industry.
- ◆ You must be IT literate on the basic Microsoft packages and Customer Relationship Management (CRM) software.
- ◆ Training will be provided, as required, to enable the successful candidate to understand the range of products available for sale.

The candidate’s personal attributes will include a “can do” attitude, tenacity, commercial ability, ability to network and negotiate at a high level and focus on linking individual contribution to the success of the team and the overall financial and commercial success of the business.

If this sounds like you email your CV and cover letter to: hr@dctech.com.au

This position will suit either a Sydney or Melbourne applicant.
