Dear Ms Gowen

Draft Construction Noise Guideline

Thank you for inviting us to present at the Australian Acoustical Society's technical meeting on 10 September 2008 and for the opportunity to hear your members' views on the draft Construction Noise Guideline.

We note one point that was raised about the need for examples in the guideline on what work practices would be considered 'reasonable'. We would be pleased to receive from your members any real-life examples of what feasible and reasonable work practices were selected for a project. Could you please ask your members to email suggestions to chris.schulten@environment.nsw.gov.au by Friday 30 October 2008 if possible.

The Department has noted the comments made by your members at the meeting and these will be considered together with other submissions before finalising the guidelines. I will be in touch with you again to let you know the outcome.

Yours sincerely

L.P.

Lorraine Phillips
A/Manager Noise Policy
