NOTICE OF TECHNICAL MEETING

AAS Members are invited to the following event

Future WA Noise Policies

**Thursday March 10, 2016 – 4:45pm for a 5:00pm start
226 Adelaide Terrace, Perth**

Despite progress in environmental noise regulation and transport noise policies applicable in WA, there remain areas for improving the consistency and quality of assessment.

In this meeting we invite open discussion of recent changes undertaken and future opportunities for improvement, say through standardising design approaches and assessment methods.

The presentation is intended for professionals in the field of environmental, architectural and transportation noise assessment, however all members are welcome.

The event will be held at the offices of Wood & Grieve Engineers, at the Ground floor of 226 Adelaide Terrace, Perth.

Numbers are strictly limited. Please RSVP to Xavier Sanchez-Roemmele from Wood & Grieve Engineers at xavier.s.roemmele@wge.com.au should you wish to attend.

Please submit any presentation material you would like tabled prior to close of business on March 8.

Do you have a topic to present or discuss?

Forward your suggestions to wa-secretary@acoustics.asn.au
