

Noise and Vibration Lead - Newcastle

At WSP we develop creative, comprehensive and sustainable engineering solutions for a future where society can thrive. Equipped with an intimate understanding of local intricacies, world-class talent and proactive leadership, we plan, design, manage and engineer long lasting and impactful solutions to uniquely complex problems. With 48,000 talented people in more than 500 offices across 40 countries, we engineer projects that will help societies grow for lifetimes to come.

Our acoustics team is one of the world's largest collection of acoustic engineers, with a growing presence in Australia/New Zealand with teams in Melbourne, Sydney, Brisbane, Canberra, Perth, Adelaide and Auckland.

We operate as a highly autonomous and genuinely national acoustics team. Opportunities to grow and develop as an acoustics team member at WSP are unparalleled.

Due to the continued success and growth of our operations in Australia and New Zealand we have an exciting opportunity for an experienced acoustic engineer to join our national team and take a role as **Noise and Vibration lead, Newcastle**.

How we support you in your career at WSP

- National exposure to some of Australia's headline projects.
- Flexible working hours
- Work from home opportunities.
- Robust employee led training programs to ensure you are always ready for the next step in your career
- Purchase up to 4 weeks additional annual leave
- Health and Wellbeing discounts

Responsibilities

Project delivery across the region through:

- A management role overseeing the growth of our business in Newcastle and the Hunter Region.
- Thorough knowledge of relevant local/international environmental policies, guidelines, and regulatory framework.
- A developed understanding of measuring, predicting and mitigating noise and vibration in a variety of sectors

- A commitment to the development of others
- A highly developed ability to liaise effectively with internal/external stakeholders.
- Enthusiasm to work with a collaborative national team

Desired Skills and Experience

The ideal candidate will have 8+ years of experience working with Resources and Infrastructure bodies in Newcastle, the Hunter and NSW, with a history of delivering these projects in the region.

We can offer you an opportunity to develop your career on a global scale from a local base, developing your career in a growing, supportive team environment with a major international consultancy.

To apply

Please send an updated version of your resume to **Hannah.Cullen@wsp.com**

WSP supports a diverse and inclusive work environment as well as equal employment opportunities. We encourage Aboriginal and Torres Strait Islanders and people of culturally diverse backgrounds to apply.
