## **Team Leader – Acoustic Consultant; Adelaide**

It's fantastic that you are thinking about joining a national group who truly value you and your acoustic consulting experience.

### **What you'll need to succeed**

Your technical skills and qualifications are a given. Your natural aptitude for leadership, business acumen and people skills are what we seek.

- Excellent people skills
- Clear and consistent communication skills with colleagues and clients
- Ability to manage the work of others and provide guidance to prioritise tasks and projects
- Take responsibility for the performance of the team
- Demonstrated experience in leadership in a technical and project management environment
- Highly organised
- Ability to juggle multiple priorities
- Advocate for workplace safety and continual improvement of all business activities
- Foster the Resonate cultural values

### **Aspects that will strengthen your success**

- Membership of the Australian Acoustical Society and / or other relevant industry organisations
- A comprehensive project portfolio in the infrastructure and/or building sectors

### **Interested?**

Take a look through our website including the Work With Us page and also our LinkedIn page to get a feel for who we are.

**Applications close 14 August 2020.**

Before you submit your application, contact our CEO, Sarah Leo on 08 8155 5888 or [sarah.leo@resonate-consultants.com](mailto:sarah.leo@resonate-consultants.com) to receive a copy of the role outline. All enquiries will be handled with your privacy front of mind.
