

**ALL INVESTED IN THE FUTURE**

## **Perth, WA**

**Working within our small Air and Noise team and as part of GHD's broader Environmental group, this position offers great variety of projects, and will see you involved in:**

- Undertaking noise and vibration assessments for environmental noise reporting, infrastructure and industrial monitoring and reporting and compliance monitoring.
- Scoping proposals and project managing your own jobs.
- Providing technical input on jobs and assist the development of other staff with noise monitoring, modelling and reporting.
- Working with GHD engineers on large infrastructure projects and attending design scope meetings to understand noise requirements.
- Liaising with clients to maintain and develop business relationships.

### **What you will bring to the team**

- A tertiary qualification in Engineering or Science, or other suitably appropriate discipline
- 5+ years' experience in noise monitoring, modelling and assessments.
- Proficiency with CadnaA and SoundPLAN noise models and other office packages like Microsoft excel
- Proficient writing and technical skills and demonstrated competency in producing high quality content for a range of clients and sectors
- Ability to work on multiple projects at any one time.
- Ability to work within a small sub-team, under the broader Environmental Approvals team

### **Why GHD?**

Being the best we can be is in our culture.

We are a family of smart, innovative and creative problem solvers. In our employee-owned company, everything feels like it matters more. Challenge us and help us come up with new solutions to ensure water, energy and urbanisation are made sustainable for generations to come.

### **Our commitment to you**

Commitment is a powerful word that defines how we do business, how we serve our

clients and how we care for one another. We will support your needs by giving you the tools to do your best work and then recognise achievements. We will set your curiosity free to allow brilliant minds to do their best work. We will invest in new ideas, removing barriers where we can. Finally, we will encourage you to collaborate with thousands of diverse people across our global business.

### **Who we are**

We are committed to solving the world's biggest challenges in the areas of water, energy and urbanisation. GHD is a global professional services company that is a leader in engineering, construction and architectural expertise. Established in 1928, we remain wholly owned by our people. We are 10,000+ diverse and skilled individuals, yet we are proudly 'One GHD' across more than 200 offices, spanning five continents – Asia, Australia, Europe, North and South America, and the Pacific region. Delivering extraordinary social and economic outcomes, we are passionate about building lasting relationships with our partners and clients.
