

Job Opportunity

Acoustics, Noise & Vibration Engineering Consultants PROJECT or GRADUATE ENGINEER

Renzo Tonin & Associates is a long-established specialist engineering consultancy renowned for high quality work in the fields of noise and vibration since 1982. We are committed to providing clients with the highest level of service including the provision of innovative and sustainable solutions. We have been steadily growing and have a strong pipeline of infrastructure, industrial, construction and building projects. We are presently seeking a **Project Engineer or Graduate Engineer** at our **Melbourne** office.

Key responsibilities include:

- delivery of projects within the fields of environmental noise & vibration design & coordination of advice
- execution of noise and vibration measurements
- computer modelling eg SoundPLAN, CadnaA, EASE, ODEON etc
- report writing
- client liaison
- preparation of proposals

The successful candidates should have:

- a degree in engineering or physics
- experience in environmental noise & vibration and/or building acoustics
- strong communication skills
- excellent report writing skills
- effective organisation skills
- a high level of computer literacy
- a current drivers licence

The on-going and continued growth of our Melbourne office offers significant potential for career growth and advancement on a National level. In addition to a competitive salary package (commensurate with the applicant's experience and qualifications) a generous bonus system is offered and the successful candidate will be provided with an outstanding support structure including in-house training to assist with furthering their professional development with a clear career path.

Applications shall be treated confidentially and sent to:
