

Senior Acoustics Engineer

Cogent Acoustics

Melbourne
Eastern Suburbs
Engineering
Building Services Engineering
Full Time

The Company:

Cogent Acoustics is hiring! We are 100% Australian-owned acoustics and vibrations consultancy firm, based in Melbourne, serving clients Australia wide.

We are award-winning industry consultants serving all professions, manufactures, government organisations, and other businesses with acoustics and vibration needs across a diverse range of projects. Since launching at the beginning of 2016, we have quickly become highly respected within the Victorian Construction industry.

The Opportunity:

We are offering an unmatched opportunity to work with a tight-knit team of dedicated professionals. You will have the chance to lead key projects with the prospect of continued career growth and the potential to take on team management responsibilities as the organisation continues to expand.

The successful candidate will be required to:

- Supervise, manage & mentor Junior Acoustic Engineers
- Undertake internal quality reviews of acoustic modelling and reports
- Scope new projects & prepare fee proposals
- Conduct acoustic calculations & modelling
- Liaise directly with project design teams including Architects, Planners & Engineers
- Install noise monitoring equipment/conduct sound & vibration measurements
- Contribute to the ongoing improvement of calculation tools & systems
- Attend design meetings, site visits & client functions

The Ideal Candidate:

- 7+ years in a similar role in a consulting environment (Preferred)
- Bachelor or Post Graduate in Engineering. Candidates with qualifications in Physics or Architecture will also be considered.
- Working knowledge of Building Code of Australia and environmental noise policies, regulations & guidelines
- Experience in preparing & overseeing fee proposals

- Familiarity with SoundPLAN & Insul modelling software (Preferred)

In return the team can offer company benefits that are second to none, this includes:

- Highly competitive salary package
- Great office culture / modern work environment
- Regular team-building and CPD opportunities
- Flexible working arrangements
- Performance bonuses

If you feel like this is the right role for you, please do not hesitate send your CV and cover letter to emma.weeks@melbournehr.com.au. **We will be reviewing applications on an ongoing basis.**

Note: Only short-listed candidates will be contacted.
