

Associate Environmental Consultant (Acoustics)

Location - Flexible

APPLY HERE - [Associate Environmental Consultant - Acoustics](#)

Your Impact:

Our Southern Environmental Management Team is growing, and we are now seeking an **Associate Environmental Consultant (Acoustics)** to join us. This is an opportunity to join a dedicated and high-performing team of Environmental professionals to deliver a range of significant projects for both public and private sector clients both locally and nationally. In this role you will work with a number of our internal and external clients in delivering better outcomes for the community and environment that will shape Victoria and Tasmania into the future.

The **Associate Environmental Consultant (Acoustics)** responsibilities will include:

- Supporting our team by leading and/or writing proposals,
- Working closely with a team of acoustics specialists leading their field by consistently delivering innovative and effective solutions
- Working collaboratively with a range of disciplines to successfully drive, plan and deliver environmental approval and management projects across multiple market sectors across Australia, New Zealand and beyond.
- Application of your excellent understanding of environmental legislative frameworks, including the requirements across multiple State and Commonwealth jurisdictions.
- Assist in the delivery of environmental approvals for clients who share Jacobs' vision for responsible environmental stewardship and sustainability
- Assist in the development of environmental management programs for clients that are aligned with evolving regulatory and compliance requirements.

Here's What you'll Need:

- Relevant Degree/Qualifications
- A passion for the practical application of acoustics and vibration
- Ideally you will have experience as a consultant in environmental and/or architectural acoustics using software such as Cadna and/or SoundPLAN
- Proven ability to manage projects, work independently and within project teams, and establish and maintain client relationships.
- The ability to prepare successful proposals with accurate scope and budget.
- The drive to learn new skills and to help develop new ways of working
- Ability to lead and provide mentorship to more junior team members.
- Ability to communicate clearly and to manage all tasks proactively.

Jacobs. A world where you can.

From our inclusive employee networks to our positive mental health champions – we're committed to driving a culture of caring where you can be you. Joining Jacobs not only connects you locally but globally - and together, our diverse perspectives and unique backgrounds power our collective strength. We collaborate and share! By supporting one another, we all succeed.

With safety and flexibility always top of mind, we've gone beyond traditional ways of working so you have the support, means and space to maximise your potential. You'll uncover flexible working arrangements, benefits and opportunities to do good too – from participating in our global giving and volunteering program, to exploring new and inventive ways to help our clients make the world a better place. No matter what drives you, you'll discover how you can cultivate, nurture and achieve your goals – all at a single global company.

Although supporting a southern based Australian office is preferred, Jacobs would consider other locations around Australia and New Zealand.

Please note: If you are being represented by a recruitment agency you will not be considered, to be considered you will need to apply directly to Jacobs
