**INFORMATION NIGHT ON WIND TURBINE
NOISE**

The Date: Wednesday 26th July 2006

The Venue: International Room
White City Tennis Club
30 Alma Street
Paddington

The Time: 6.30 pm to 7.30 pm

The Speaker: Dr Frits van den Berg

Dr Frits van den Berg is a world authority on wind turbine noise propagation in varying meteorological conditions. He has published many scientific papers about the noise produced by wind turbines and its impact on those who live nearby. His thesis entitled: 'The Sounds of High Winds – the effect of atmospheric stability on wind turbine noise' was recently submitted to the University of Groningen in the Netherlands, where he holds the position of Director of the Science Shop for Physics.
