# Site Inspection

## 6:00pm Tuesday March 21<sup>st</sup> 2017

Bradford Insulation  
4 Bradford Court Brendale (off South Pine Road)

**Date:** Tuesday March 21<sup>st</sup> 2017

**Program:** 6pm Start

**Venue:** Bradford Insulation  
4 Bradford Court  
BRENDALE

**Presenter:** Brett Robinson  
Qld Solar/Commercial/Industrial BDM | CSR Bradford

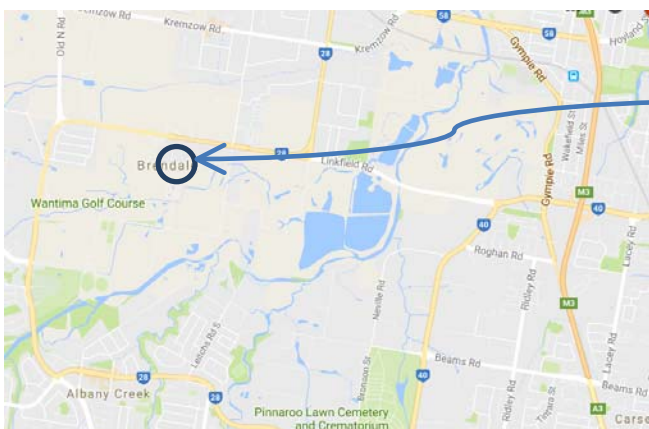

**Summary:** Bradford Insulation purpose built the Brendale plant in 2008 and commenced Glasswool production late that year.

The plant makes a wide range of Glasswool insulation and acoustic products including wall batts, ceiling batts, rolls, faced rolls (foil) and boards.

Speciality products include SOUNDSCREEN and ACOUSTIGUARD and BLACK.  
Raw materials for the operation include up to 70% recycled glass.

The plant operates 24 x 7 and sends product all over Australia.

The site inspection will include a tour of the factory, with an opportunity to view the technology and manufacturing processes. This will be preceded by a short presentation explaining the process.

*Refreshments, including a light buffet, will be provided*

**Clothing/Safety Equipment:  
Enclosed shoes are Essential**

**Cost:** Free to all current financial members of the Australian Acoustical Society & their guests.

**RSVP:** By close of business Friday March 17, 2017 to Richard Devereux
