

## Busselton

Welcome to the Busselton and Margaret River Wine Region, a very special place. Extending from Busselton & Dunsborough in the north to Augusta in the south, this region seduces the traveller with life's simple pleasures - peace and quiet, award-winning wines, fine food, variety of accommodation to suit all tastes, budgets & experiences, pristine beaches, breathtaking scenery, and a relaxed and easy lifestyle whispering for us to unwind and enjoy.

This is a place of splendid natural contrasts. From the tranquil waters of Geographe Bay, the panoramic views from Cape Naturaliste, the ancient cave-carved Leeuwin-Naturaliste Ridge, spectacular surfing conditions and picturesque vineyards and forests you will discover great beauty and plenty to explore.

This is a region for all seasons. Whether it is autumn dawn walks in wooded valleys veiled in mist; cosy winter nights spent with good friends around a roaring fire; spring picnics amid towering karri forest ablaze with wildflowers; or warm summer days basking on a secluded beach by a sparkling sea.

## Venue

**Abbey Beach Resort**, the venue for ACOUSTICS 2005, is situated 2.5 hours south of Perth in the beautiful South West. Abbey Beach Resort nestles on the beachfront of Geographe Bay amidst landscaped gardens and lakes. Located at the gateway to the South West Wine Regions, in the historic countryside between Busselton and Dunsborough, it is ideally located to provide convenient access to nearby scenic attractions, wineries, galleries, restaurants and secluded beaches. Abbey Beach Resort is a leisure resort with countless facilities and amenities for your pleasure. Play tennis or squash, gymnasium, sauna, external pools, heated indoor pool and spa. Stroll along the endless beaches, try your hand at crabbing or fishing, hoist a sail, tackle the surf or paddle a wave ski.

The Five Star Abbey Beach Resort comprises a Hotel and Apartments. Select from 1, 2 and 3 bedroom fully serviced, self contained apartments and studio units all of which have a private balcony and private double spa.

## Travel

Perth may be reached by direct flight from almost any capital city in Australia. Busselton is then a 2.5 hour leisurely drive from Perth. Charter flights are available into Busselton and are operated from Perth by Air Australia and The Aeroplane Company. A charter coach will be available from Perth.

## Acoustics in a Changing Environment

## Australian Acoustical Society Annual Conference 2005

Abbey Beach Resort  
Busselton  
Western Australia

9 – 11 November 2005

## Theme

ACOUSTICS 2005, will be a time to consider how well the acoustics profession is serving the community in applying the best available science and technology in our ever changing environment.

The emphasis of the Conference will be on practical applications of acoustical science and technology and practical solutions to acoustic problems.

Topics will include:

- Underwater acoustics
  - bioacoustics
  - propagation
  - sonar
  - environmental impact
- Architectural acoustics
- Environmental noise
  - transport
  - industrial
- Occupational health
- Engineering noise control

The Conference will commence on Wednesday evening, 9th November, with registration and an informal social function. Parallel paper sessions will run on Thursday 10th November. The Conference Dinner will be held on the Thursday evening. Further paper sessions and workshops will be held on the Friday, and there will be trade displays both days.

## Workshop Session

Time is to be allocated on Friday morning for workshops and / or discussion forums. Topics to be advised.

### Critical Dates:

Abstracts	29 April 2005
Acceptance	20 May 2005
Papers due	1 July 2005
Referees reports to authors	2 September 2005
Final corrected paper	16 September 2005

Further information will be available on the website: [www.acoustics.asn.au](http://www.acoustics.asn.au)
