

*TO ALL AAS MEMBERS and interested parties*

## **TECHNICAL MEETING**

**5:30pm Wednesday 28<sup>th</sup> August 2013**

### **Case studies in Embelton solutions**

AAS members and interested parties are invited to attend a presentation from Embelton's Jonathan Watson, National Sales Manager - Technical Division in regard to specialist noise and vibration isolation.

This presentation will cover a variety of specialist design scenarios and solutions often encountered by professionals in building acoustics. With a focus on technical merits, this presentation will also provide discussion of selected specialist solutions, including pool noise isolation design, and design of floating floors and 'air-cushioning' of floating concrete floors.

The meeting will commence at **5:30pm** at the Embelton offices located at [21 Pearson Way, Osborne Park](#) with light refreshments.

Numbers may be limited. To assist in our planning of the night, please advise Luke Zoontjens via [lzoontjens@slrconsulting.com](mailto:lzoontjens@slrconsulting.com) as to attendance.
