NOISE & VIBRATION ENGINEERING CONSULTANTS GRADUATE ENGINEER

Renzo Tonin & Associates is a well-established specialist engineering consultancy renowned for high quality work in the fields of noise and vibration since 1982. We are committed to providing clients with the highest level of service including the provision of innovative and sustainable solutions.

Due to the expansion and growth of our Queensland office, we are excited to offer an entry-level opportunity to a Graduate Engineer based in Brisbane. This full-time position provides training and support for the right person who wishes to pursue a career in field of Noise and Vibration consulting.

Key responsibilities include:

- Working on building acoustics and environmental noise & vibration
- Noise and vibration measurements
- Computer modelling eg SoundPLAN, Cadna-A, ODEON, EASE etc
- Report writing
- Client liaison

The successful candidates should have:

- A degree in engineering or physics
- Strong communication skills
- Excellent report writing skills
- Effective organisation skills
- A high level of computer literacy
- A current drivers licence

The on-going and continued growth of our Brisbane office offers significant potential for career growth and advancement. In addition to a competitive salary package (commensurate with the applicant's qualifications and experience) a generous bonus system is offered and the successful candidate will be provided with an outstanding support structure including in-house training to assist with furthering their professional development.

Applications shall be treated confidentially and sent to:
