

ACOUSTIC ENGINEER – PERMANENT FULL TIME POSITION

Floth is one of Australia's leading building services and engineering consultancy practices. For more than 35 years we have worked on major projects in Australia and Asia, earning a reputation for technically excellent, commercially viable and sustainable designs.

Following a successful period of growth, we are currently seeking an Acoustic Engineer (1 to 3 years' experience preferred) to join our Brisbane team. The permanent full-time position is available to candidates looking to continue a career as an acoustic engineer and contribute to a range of projects across Australia.

The successful candidate will:

- Be degree qualified (preferably a Mechanical engineering degree);
- Be a team player willing to work within a collaborative environment;
- Be enthusiastic with a positive attitude and a passion to learn;
- Have excellent written and verbal communication skills, and
- Have eligibility to work in Australia with a strong preference for experience in the Australian market.

Key responsibilities include:

- Providing acoustic engineering services to the Building and Infrastructure industry;
- Noise and vibration measurements;
- Computational noise modelling (e.g. SoundPLAN, EASE);
- Preparation of documentation (reports, briefs and specifications);
- Client interaction and liaison.

In return, the successful candidate will be offered:

- A family friendly work environment which embraces equality in the workplace and values the unique differences between genders and recognises the positive impact this variety adds to our business;
- A competitive salary package commensurate with skills and experience;
- An opportunity to be trained and mentored;
- An opportunity to grow and develop their engineering skills within a leading multi-discipline engineering consultancy practice;
- A friendly and dynamic work environment;
- Exposure to a wide range of challenging projects across Australia.

If you feel you possess the above requirements and believe you would be an asset to our team please send your covering letter and CV by email to ykapor@floth.com.au.
